INFORMATION DISCLOSURE STATEMENT

Box PATENT APPLICATION
Assistant Commissioner for Patents
Washington, D.C. 20231

Sir/Madam:

Attached hereto are PTO-1449 forms listing documents believed relevant to the subject application. Also, attached is a list of U.S. patent application serial numbers provided on a form other than a PTO-1449 form. It is respectfully requested that these documents be considered by the Examiner and an initialed copy of each form be returned to the undersigned.

Furthermore, copies of the documents listed in the attached papers are not being provided pursuant to 37 C.F.R. § 1.98(d), which states that a copy of any patent, publication, or other information listed in an information disclosure statement is not required to be provided if it was previously cited by, or submitted to, the Office in a prior application, provided that the prior application is properly identified in the statement and relied upon for an earlier filing date under 35 U.S.C.

§ 120. This application is a continuation-in-part that relies upon an earlier filing date from patent application serial no. 08/969,122, under 35 U.S.C. § 120. All of the references cited in the present application have already been cited in the parent application serial no. 08/969,122. Thus, Applicant believes that under 37 C.F.R. § 1.98(d), copies of the cited references do not need to be provided herein because the Examiner can obtain the same from the parent file.

If, however, the Examiner would like separate copies of the cited references, the Examiner is respectfully requested to call the undersigned for the same.

It should be noted that the word "prior" has been deleted from the form.

It is believed that this disclosure complies with the requirements of 37 C.F.R. §§ 1.56, 1.97 and 1.98, and the Manual of Patent Examining Procedures § 707.05(b). If for some reason the Examiner considers otherwise, it is respectfully requested that the undersigned be called so that any deficiencies can be remedied.

Some of the documents may have markings thereon. No significance is meant to be attached to the markings.

With regard to any translation provided herewith, the undersigned does not know how and who made the translations. Therefore, no representation is being made as to the accuracy of any translation.

The Commissioner is hereby authorized to charge payment of any fees associated with this communication or credit any overpayment to Deposit Account No. 01-1651.

Respectfully submitted,
APPLIED MATERIALS, INC.
